

~~CONFIDENTIAL~~

28 January 1949

MEMORANDUM

TO: TRS

FROM: SES

SUBJECT: Tours of Technical Divisions.

1. Below is a list by branches of certain officers having operational responsibilities who should be given a tour of the technical divisions. Please schedule tours in groups of about seven or eight individuals. Not more than two or three persons from a single branch should attend the tour at the same time. It is suggested that one group be composed of Messrs. Angleton, [REDACTED]

25X1

2. Tours will consist of approximately one-half day each with COMMO and CDD. COMMO will furnish a demonstration of representative radio and surveillance equipment in operation. CDD will explain the general principles of secret writing and will exhibit existing documentation facilities with attention directed to reciprocal headquarters and field relations. Because of the distance between the various offices and plants of CDD, it is suggested that the tour of this division be divided into two parts on different days.

3. Officers to be given tours.
